

Help the children to cut out the hearts and then cut out the middles of the hearts by folding them in half and cutting along the dotted lines. Children can stick coloured tissue paper or cellophane pieces across the heart shape, using glue to fix the pieces to the edges of the heart. Once they have covered their heart shape, use some tape to attach a loop of string or yarn to the top. Then stick on the second heart shape to finish.

BIG IDEA: LOVE NEVER FAILS
BIG POINT: GOD IS LOVE AND HIS LOVE NEVER QUITS
